A POWERFUL AUDIENCE

JCK has been the unparalleled thought-leader in the jewelry industry for decades, and we've got the audience to prove it. Our omnichannel approach covers what matters: the trends, the people, the powerful news that shapes us. That's why JCKonline, social media, newsletters, podcast, and magazine are the must-follows in the industry.

And that's why if you want to reach the decision makers, our channels are the place to be.

Engaging. Influential. JCK.

JCKONLINE

JCKonline is the Industry Authority for breaking news and information. Our visual-forward design allows your run-of-site advertising to shine. A share-of-voice pricing model provides the maximum amount of impressions per dollar spent, increasing your message's reach and impact.

I share JCKonline articles on my web page to help keep my customers updated on the latest trends. I love the fact that it is current, insightful, and educational.

B2B EMAIL MARKETING

To get your message to jewelry industry professionals, JCK can execute your own email marketing campaign to an opted-in audience of 30,500 jewelry retailers.

Need help designing the perfect email? We have packages that include HTML creative development by a professional email designer. Want to make your email go that extra mile? Take advantage of our retargeting capabilities with display ads that reach the same jewelry store audience: 3 impressions per person, to be exact. This gives everyone who receives your email multiple chances to click through.

Let us partner with you to get your message across.

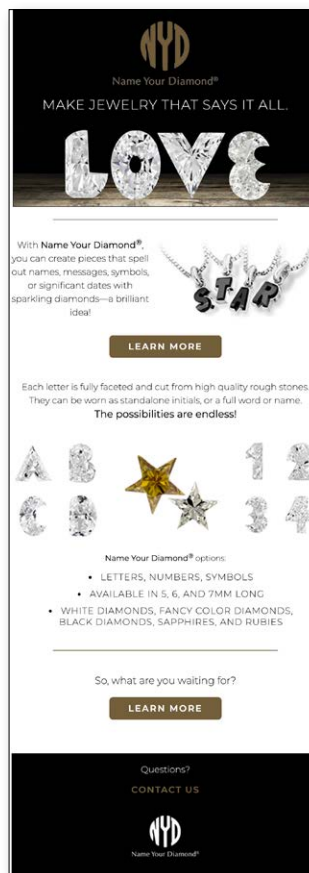

PACKAGES Audience: Jewelry Stores Total Audience Count: 30,500 (based in U.S)		RATES (except May)	MAY RATES
A1	Email (creative supplied by advertiser)*	\$4,100	\$4,950
A2	Email + creative development (HTML email design included)	\$4,950	\$5,950
A3	Email + 3 retargeted display impressions (all creative supplied by advertiser)*	\$10,950	\$10,950
A4	Email + 3 retargeted display ad impressions (HTML email & ad design included)	\$11,950	\$11,950

EMAIL MARKETING BENCHMARKS

For opens and clicks, we typically see a 20–22% open rate and strive for a 1–3% click-through rate (CTR). However, campaigns can often exceed these rates.

Each campaign performs differently with variable factors including: offer quality, subject line, timing, and overall creative. And don't forget the importance of a quality landing page.

Live Matter: To be kept 1/4" from all four sides of final publication trim size.

All material jogs to the head.

Minimum paper weight for furnished inserts is 60 lb. book.

Perfect alignment of type or design across the gutter between an insert and run of book page cannot be guaranteed.

MAGNA STRIPPED INSERTS

Minimum width of magna strip: 4"
Minimum weight of magna strip: 9 pt. card stock

MAGNA STRIP PRODUCT DIMENSIONS

Maximum insert size: 9" x 11"
Minimum insert size: 5" x 3 1/2"
Position: 1/2" from the edge of the magna strip
All inserts on a magna strip will float. Perfs on supplied inserts are not preferred.
These will be evaluated on a case-by-case basis.

PACKING

All dividers must be cardboard or chip board.
All dividers must be fit to exact height, width, and length of the container carton.
Dividers must be used between specified lifts when loads are banded and/or strapped.
Cartons must be sized to fit product size.
Each carton should not exceed 40 lbs.
Cardboard slip-sheets are to be used between carton layers.
Eggshell cartoning is to be used for large envelopes

and for inserts with open glue lines.

No more than two separate inserts per pallet/carton and mark clearly.

Large quantities that are brick stacked must follow these guidelines:

- Product must fit skid and power-pac (no oversized containers or skids)
- Cardboard slip-sheets between lifts
- Maximum of 5" to 6" vertical lift size
- Backbone compensate between lifts and pile outward
- Lifts to be same height and square throughout load
- Load must be properly secured:
 - Wooden top
 - Banded
 - Corner boards
 - Shrink-wrapped

No more than one insert on bulk pallet. If to be used on multiple issues, must be cartoned and clearly marked if on one skid.

PALLET SIZE

40" x 48" 4-way entry with bottom runners.
There should be no missing boards.

MAXIMUM PALLET HEIGHT AND WEIGHT

48" high (including pallet) and no more than 2500 lbs. Inserts are to be stacked brick style in consistent counts. The entire skid should be wrapped in plastic and strapped.

LABEL EACH PALLET

Publication title, insert name, and issue date to the attention of the CSR
Skid number (1 of 2, etc.)
Quantity of inserts on pallet

Packing slips must accompany each shipment. A sample of the insert is to be affixed to two sides of each pallet.

CARTONS

Packed carton weight must not exceed 40 lbs.
Cartons exceeding 40 lbs. will be subject to repackaging charges.

IF SHIPPED IN CARTONS

Name and issue date of publication
Skid number
Quantity of inserts in each carton and total on pallet
Packing slips must accompany each shipment.

A sample of the contents is to be affixed to each carton. Labels must be clearly marked and large

enough to be read from a 15 ft. distance.

LOAD

Inserts should be furnished to LSC/Liberty brick stacked on pallets in 6" lifts with all unit lifts facing one direction.

Cartons should be used when the nature of the insert or card does not permit brick stacking, or if additional protection of the material is required.

Cartons should have uniform quantity. Pieces inside cartons should have uniform orientation. Maximum of two lifts per carton is acceptable if compensation is necessary for packing. Individual cartons must weigh less than 40 lbs.

DELIVERY

Advance notice of 24 to 48 hours is required for all bulk insert shipments.

Inserts are to be delivered between 7 a.m. and 4 p.m., Monday through Friday. Weekends, holidays, or after hours by exception only.

Include detailed packing list showing total quantity per carton and/or pallet and total quantity of cartons/pallets. Reference the publication title and issue date.

Address/consign shipments to:

Quad
555 South 108th Street
West Allis, WI 53214-1145

RECEIPT OF DAMAGED GOODS

Damaged materials will be reported to the carrier and photographed. Photographs will be forwarded to your CSR if needed for repair assessment. If material is judged to be unacceptable for receiving, the load may be refused.

If the specifications as outlined above are not followed, extra handling may occur which could result in additional charges to the supplier.

*Subject to availability. Space limited.
